ABOUT ME

As a junior software engineer, I can approach complex problems with a systematic and analytical mindset, providing simple and effective solutions. With a flexible and highly adaptable approach, I adapt quickly to new methodologies and project needs, work diligently to fulfill my responsibilities to the best of my ability, and aim to actively add value to my team and the work being done.

WORK EXPERIENCE

Internship

Aselsan A.Ş.

City: Ankara, Turkey

I developed a real-time media streaming, server and client application with Websocket.

[05.08.2024 - 09.09.2024]
